----- **SAFETY AREA - STAY WITHIN DASHED LINE**

To use this document as a template for your art, delete this instruction layer and use guides for your safety area.

**A NOTE ON BLEED AND TRIM.**

To keep costs low and press moving, we don't currently offer trimming services. This means that you won't be building bleed into your files. Please leave a .25" border around the edge of the document for an even finish.

Orientation can be changed for a landscape print.
