

# FOR SURFACE PROTECTION NEEDS

## tesa® Assemblyguard 50540

tesa® 50540 is a premium grade self-adhesive tape developed to protect delicate surfaces that are susceptible to damages during the assembly process. The product consists of an air bubble film, coated with a paint compatible adhesive. This technology is a great alternative to bubble wrap as it provides protection by gently adhering to painted surfaces. tesa® 50540 provides flexibility for 3D surfaces and is an ideal solution for surface protection applications in the industrial, automotive, aviation and railway markets.

### Features

- Cross perforation
- Bubble film
- Easy, residue free removability

### Benefits

- Hand tearable eliminating cutting devices
- Provides protective cushioning
- Application is possible immediately after the painting process

### Technical Data

	Thickness	Color	Backing	Adhesive	Adhesion/Steel
tesa® 50540	400 µm	Blue Transparent	PE/PP	EVA	0.5 N/cm
