

TRANSPORT PACKAGING SOLUTIONS

Paper Pallets

Flexible deliveries for tailor-made pallets

- Strong laminated carton board feet
- Capacity to take several tons
- 100 % recyclable
- Lightweight

Paper pallet complies with your green policies and you will benefit from a better company image.

THE SECRET OF THE STRENGTH...

The secret of the strength of Eltete carton pallets lies in the pallet feet. Eltete PallRun® is a combination of strong laminated U-profiles with kraftliner surface + paper cores. This unique product provides unbeatable strength and humidity resistance which cannot be found in other carton pallet solutions.

PallRun® has a strong surface layer which resists damage and slides well when the pallet is being dragged on a rough floor or ground.

Leading independent laboratories have tested our carton pallets in different conditions. Up to 10,000 kg static compression strength on a 4-way pallet without failure.

STANDARD AND TAILOR-MADE

- Pallets can be manufactured according to customer need.
- As a deck board, corrugated or honeycomb board can be used, and other options are also available.
- 2- and 4-way pallets in the required sizes.
- Suitable for use on roll conveyors.
- Designed to be a part of display-ready packaging.

LIGHTWEIGHT

- 3 - 6kg (carton pallet) vs 15 - 25kg (wooden pallet).
- Easy to handle which makes it user-friendly.
- Less weight, savings in transportation e.g. airfreight.

100 % RECYCLABLE AND ENVIRONMENTALLY FRIENDLY

- Easy to dispose of.
- Savings in recycling costs.
- No need for fumigation.
- Accepted anywhere in the world without restrictions.

100 % RECYCLABLE AND ONE MATERIAL
 ENVIRONMENTALLY FRIENDLY
 FLEXIBLE, EASY-TO-MAKE SPECIAL SIZE PALLETS
 LIGHTWEIGHT
 STRONG
 HYGIENIC
 RESISTANT TO SIDE IMPACT AND DRAGGING
 HUMIDITY RESISTANT
 ISPM-15 COMPLIANT
 SUSTAINABLE SOURCE
 USER-FRIENDLY
 NO NAILS OR SPLINTERS
 LOW CPU (COST PER USE) DUE TO BENEFITS

EFFECTIVE TRANSPORT OPTIMIZING...

- ✓ Load more for less space.
- ✓ Savings in transport cost.
- ✓ Space savings in warehouse.

TYPICAL END USERS	EXTRA ADVANTAGES
Food producers	Hygienic
Pharmaceutical	Hygienic
Export companies	No fumigation, light
In-store displays	Disposable single-material

HUGE SAVINGS IN AIR FREIGHT!

Compare the average weight:
 ~ 5 kg carton pallet
 ~ 20 kg wooden pallet

AUTOMATIC PAPER PALLET ASSEMBLY

The APPA® 10 just-in-time means no need to make pallets and keep them in stock as, every hour, the APPA® 10 can make one full truckload of pallets on demand.

AUTOMATIC PAPER PALLET ASSEMBLY (APPA®) UNITS:

- One operator.
- Fully automatic (components are fed on pallets to the unit or on conveyors from other processes – unique paper roll to ready pallet technology).
- Modular structure for flexibility in production capacity and different pallet designs.
- Up to 10 pallets per minute.
- Compact design 5 x 10 m machinery / 20 x 20 m operational.

WE CAN PROVIDE YOU THIS AND MORE...

2-way 800x1200 mm

4-way 800x1200 mm

4-way 800x1200 mm

Number of cores per PallRun® is customized according to required strength.

The most suitable top board material is selected for each need. It can be corrugated board, honeycomb or other similar material.

Flatboard gives strength and makes roll conveyor use possible.

We can provide you with the exact size pallet you need in order to make your transportation effective, space- and price-wise. Different size and height options provide this advantage.

Deck board size

Automatic production: min. 400 mm – max. 1,200 mm
 Manual assembly: as required

PallRun® (also available with self-adhesive option)

Width: 90 mm
 Height: 100 mm
 Length: 200 to 1,200 mm
