## Product: STAINLESS STEEL POLISH

**Description:** A light liquid polish for stainless steel & architectural metals.

### FEATURES

- STAINLESS STEEL POLISH is a light oil polish for stainless steel and architectural metal surfaces.
- It will remove finger marks and retain a light transparent film to protect
- It is safe to use on all stainless steel surfaces leaving a streak free finish

### HOW & WHERE TO USE

#### DIRECTIONS:

Spray 2 to 3 times onto a soft lint free cloth or directly onto the surface and wipe with even strokes following the direction of the grain.

Avoid wiping in circular motion and do not overuse or overspray.

For best results, remove any tough stains or marks prior to use.

It is suitable for use on a variety of domestic surfaces and commercial appliances such as stainless steel fridges, ovens, microwaves, kettles, dishwashers, range hoods and splashbacks.

## SAFETY AND FIRST AID
