4-Color LCD Professional CB Radio with Bluetooth®, Weather and NightWatch®

The 29 LX BT offers professional drivers one more way to communicate safely and easily with the Patented first-ever CB radio with Bluetooth® wireless technology.

The 29 LX BT offers professional drivers one more way to communicate safely and easily with the Patented first-ever CB radio with Bluetooth® wireless technology. The Bluetooth® feature allows drivers a better way to have phone conversations on the road because calls from your mobile phone are synched with the CB radio. A noise canceling microphone allows calls to be heard loud and clear, even over a noisy engine. Incoming audio is routed through the radio's speaker making it easy for the driver to hear who is calling with caller ID. The system provides one-touch protocol for compliance and gives the driver's the ability to stay focused on the road by answering, placing and terminating calls with one-touch operation. The radio is built on the 29 LTD Classic chassis and has all the features of the 29 LX.

Unit Specifications - General

Unit Dimensions	2.25" H x 7.25" W x 9.25" D (57.15mm x 184.15mm x 235mm)	SKU#:	29 LX BT	Master Pack Dimension:	12.75"H x 19.25"W x 13.75"D (323.8mm x 489mm x 349.2mm)
Frequency Control:	Phase Lock Loop Synthesizer	UPC#:	0 28377 20160 8	Master Pack Weight:	36.2 lbs. (16,420kg.)
RF Output Power:	4 Watts	Package Dimension:	13.25" H x 12" W x 3" D (336.5mm x 304.8mm x 76.2mm)	Master Pack Bar Code:	200 28377 20160 2
CB Channels:	40 Channels (26.965 to 27.405 MHz)	Package Unit Weight:	5.63 lbs. (2.55kg.)	*Specifications subject to change without notice*
