Marine VHF Radios

MR HH125

Anyone who lives, works or plays on the water needs one of these VHF radios. The backlit LCD and keypad allows it to be used in low light conditions and will turn off automatically to conserve battery power. The built-in NOAA Channels and NOAA weather alert give you 24-hour access to local weather information. It also acts as an All-Hazards Emergency receiver and will alert you to weather, natural disasters and other emergencies provided to the National Weather Service.

FEATURES:

1 or 3 Watts

Dual output power for short and long communication.

U.S.A., Canada & International Channels Allows operation on any of the three (3) different channel maps established for these areas.

10 NOAA Weather Channels

Instant access to national all hazards and weather information, 24 hours a day.

Weather Alert

Alerts with an audible tone and visual alarm if threatening weather is nearby.

Instant Channel 16 and 9

Instant access to channel 16 and 9 for emergency situations.

Scan all channels to find conversations in progress.

Signal Strength Meter shows the strength of outgoing and/or incoming signal.

Button/Key Lock

Locks function buttons/keys to eliminate accidental change of settings.

Battery Charge Jack allows charging of batteries in unit.

Illuminated LCD Display and Keys allows high visibility of display and keys at night.

Speaker/Microphone Jack allows connection of hands-free accessories. (Single pin connection)

Waterproof to JIS4 standards; splashproof.

Includes 5X 850mAh AAA NiMH rechargeable batteries, 12V accessory card, spring loaded belt clip and wrist strap.

1 Year Warranty (on radio) for products sold in the U.S.A.
