**Introduction**

Making Life Easier and Safer

Staying in touch with your family and friends is convenient and easy when using your microTALK® radio. Some of the many uses you will discover include:

- Communicating with others while hiking, biking, and walking.
- Keeping track of travel companions in another car.
- Talking with neighbors.
- Arranging service calls.
- Communicating with others while hiking, biking, and working.
- Keeping track of your travel companions in another car.
- Talking with neighbors.

Secure your microTALK® radio while on the go.

Carry your microTALK® radio with you as you travel.

**Customer Assistance**

Product Service & Support

For any questions about operating this new Cobra branded product, PLEASE CONTACT US FIRST. Do not return this product to the retail alone.

The contact information for support will vary depending on the country in which your purchase and used the product.

To obtain customer service or other information for products purchased and shipped to the U.S.A., please call our consumer service department at (800) 721-3805, or email us at consumer.service@cobratecusa.com. You will receive confirmation on how to ship the product you purchased to our factory. We will inspect the item and return it if within the manufacturer’s warranty. If the item is not under warranty, we will quote you a repair fee.

For any warranty or customer service information outside the U.S., please contact your local dealer.

For further information on its features, please visit www.cobra.com.

**Operation**

Using Your Radio

To install All Hazards Radio channels:

1. Press the Talk button to access the All Hazards Radio mode and the current selected All Hazards Radio channels are displayed.

2. Use the Channel Up/Down button to change All Hazards Radio channels. The All Hazards Radio turn-off feature is not applicable when the Talk, Call, or MicroTALK® button is pressed.

3. To exit All Hazards Radio, press and hold the Talk button briefly.

To enter Weather (WX) Alert Mode:

1. Press the Talk button to enter the Weather mode.

2. The Talk button is now labeled as Channel Up/Down.

**Listening for a Response**

First, listen to the Talk button to receive incoming transmissions. Your microTALK® radio is always listening.

To listen to All Hazards Radio channels:

1. Press and hold the Talk button briefly.

2. Release the Talk button to turn Weather Alert on or off.

3. Press and hold the Talk button briefly again.

4. Release the Talk button to turn Weather Alert off.

**To Adjust Volume**

- Press the Volume Up button to increase volume.
- Press the Volume Down button to decrease volume.

**Communicating with Another Person**

- Press and hold the Talk button briefly.
- Release the Talk button briefly while speaking into the microphone.

**To Select a Channel**

- Press the Channel Up button to select the next channel.
- Press and hold the Channel Up button to select the next channel.

**To Turn Weather Alert On or Off**

- Press the Channel Up button.
- Release the Channel Down button.

**To Utilize Display**

- Press and hold the Light/Max Range Button for 1 second.

**Auto Battery Save**

- If there are no transmissions within 10 seconds, the radio will automatically switch to Power Save mode and the Power Save icon will flash in the display.

**Phone/Transmit Icon**

- Press and release the Talk button.

**Receive/Transmit Icon**

- Press and release the Call button.

**Auto Squelch/Maximum Range**

- Press and hold the Light/Max Range Button for 2 seconds.

- Press and release the Talk button for 2 seconds.

**Listening for a Response**

- Press and hold the Talk button briefly to receive incoming transmissions.

**To Turn Range on or off**

- Press and release the Call button.

**Lock Function**

- Press and hold the Call button for 2 seconds.

**microTALK® Range**

- Your range will vary depending on terrain and conditions.

- In ideal conditions, your microTALK® radio will work over distances of:
  - 5 miles
  - 10 miles

**Auto Squelch/Maximum Range**

- Your microTALK® radio will automatically shut off weak transmissions and connect to stronger signals due to terrain, conditions or if you’ve reached your Maximum Range limit.

**Installing Batteries**

1. Remove the battery cover by sliding the battery compartment door off the cover.

2. Insert the supplied three AA rechargeable batteries or non-rechargeable alkaline batteries. Remember, you can achieve maximum range by using maximum range extenders, allowing all signals to be received and extending the maximum range of your radio.

**Caring for Your microTALK® Radio**

Your microTALK® radio will last you years if you follow these general care guidelines:

1. Keep the radio clean.
2. Protect the radio from extreme temperatures.
3. Handle the radio with care.
4. Use only the supplied rechargeable batteries for charging your Cobra microTALK® radio.

Non-rechargeable alkaline batteries can also be used in your radio.
