- TreeKeeper [93]
LIGHTING COLLECTION

Be the envy of the season
A new take on the classic bulb! Our new Projector Series™ bulbs are better looking, brighter, more durable, and shine just like an incandescent.

**PRODUCT SPECS**
- Proprietary Projector Diode Design
- Looks better than traditional incandescent bulbs
- Break-Resistant, Crystal-Clear plastic
- Sparkles unlike any other bulb on the market
- Indoor and outdoor use

**SUPER C7 & C9 LED PROJECTOR BULBS**
A Patented Product

**PROJECTOR SERIES™**
Superb light refraction, light in all the right places

**EXCLUSIVE**

**PROJECTOR SERIES BULB**
Projector Series™ bulbs are the cutting edge innovation to the lighting world that everyone is going to be talking about. Our projector C7 and C9 bulbs feature a refractive lens that compliments a super bright surface mount device (SMD) LED, creating a unique look that everyone will ask about.
NEW! RETRO FILAMENT COLLECTION

Classic Filament look, Rich Colors, LED Longevity and Efficiency

• UL listed
• Indoor / Outdoor rated
• Light Lifespan: 60,000hrs
  (Based on seasonal use, 6hrs a day with proper electrical input)
• 158% more energy efficient, compared to incandescent
  (Based on .6W for C7 LED and 5W for incandescent)
• Shell thickness: Transparent 1.1mm, Ceramic polycarbonate solid
• Base Material: Nickel
• Potted Construction (Glue is injected into the base to seal components)

EZ TWIST PRO-PLUG SUPER Mini™ LIGHTS
The ultimate professional grade Mini light power system

Water Tight
Each socket locks tight and seals shut with a rubber gasket.

Stackable, Locking Connections
The only stackable pro-connection plug on the market. Navigate your installs with the flexibility of stacking from either end of the light set.

Cord Relief - NEW
Preserve the plugs from the wear & tear of install with our new updated cord and plug body connection design.

Angled Cord Management - NEW
Keeping the cords neat and hidden is key for professional installs. New angled cord connections help keep things neat & tidy.

Balled - NEW
Speed up installs with ready-to-roll balled Mini lights.

Quick release tag - NEW
It's a small thing...but every minute counts. Now unsightly warning tags are perforated for quick and easy removal.

Redesigned for improved fit and function
New over-tight protection and guided fitting slots helps for natural, easy plug operation...even with gloves.

1 Fuse per Run
Pro-Plugs are used with a leading AC Adapter, then can run as many as 48 end to end. The Fuse is located in the first plug only, making troubleshooting and maintenance easier.

PRODUCT SPECS
- 50 lights | 6" spacing | 25' Total
- Plugs are linkable & stackable in design
- Fused A / C Adapter Plug Required ( Sold Separately )
- Connect up to 48 sets per AC Adapter

SPOTLIGHT YOUR NEXT JOB
The Super Mini™ Collection

DECORATING SHOULD BE A BALL
Super Minis™ now come ready to roll.

SPOTLIGHT TIPPED BULBS
The finishing touch
After years of seeing our Super Minis™ outshine and outsparkle our competition, we don’t understand why anyone would settle for anything less. You have to see a Super Mini project to truly believe it. Spotlight tips make the difference.

NEW SMOOTH TWINKLE
Now more magic in the Minis
Take the magic up a notch with our new Smooth Twinkle™ LED Super Minis™. Bulbs independently fade on and off for a captivating, magical effect.

LIGHT STREAM™
REMOTE LED LIGHTS
Expandable, Retrofit RGB-W System

Unlimited Color Combinations
Automated Scheduling

No special wire needed
Install directly into any standard E12 Socketed wire.

Colors, Themes, Fading & Twinkle
Create your own unique color themes, fade between colors, and even twinkle!

Automated Scheduling
Schedule multiple themes each night, or a different theme every night of the month.

Super Bright Patented Lens
Features our own exclusive Projector Series Lens.

Expandable: Pair more switches to add more zones to your design
Want to add more lights later? Maybe to a tree? Just add another switch.

Can be used as a Smart Timer*
Have more lighting that you’d like to come on simultaneously with your Light Stream™ system? You can easily use the controller and switch to automate any lighting you need.

Channel Customization for Advanced users and complex designs
Consult VLCPro.com for more information to further customize your bulb channels for an even more impressive display and more lighting options.

Perfect Warm Clear
It’s nearly impossible to achieve the perfect Warm Clear with just RGB diodes. So, we’ve added our own Warm Clear Diode to each bulb so there’s no compromise and will match our other lighting perfectly.

RGB+W Bulbs
Receives & Relays Controller and Switch signals

Switch
Relays signal from the Controller
V-20672

Controller
Pairs with your phone and broadcasts signals to switches and bulbs
V-20671

RGB+W

Thousands of Holiday light color combinations in the palm of your hand

HOW TO INSTALL AND SET UP LIGHT STREAM™

1. **Install the bulbs in channel order**
   - Each bulb is assigned a channel and is represented by a color band at the base. Repeat the pattern of channels as you install the bulbs onto wire.

2. **Connect each run of lights to a Light Stream™ Controller or Switch**
   - Up to 100 lights per device

3. **Use the Light Stream™ App to Pair and Configure your Controller, Switches and Bulbs.**
   - *It’s recommended to pair and test your complete system prior to installing onto your venue.

**All Lights on this Side of House Connected Directly to a Controller**

*Maximum 100 bulbs per switch or controller
LIGHTING ACCESSORIES COLLECTION

1 Vest. 100’s of Uses.

Fully customizable to suit the needs of your workflow, the new VLC Pro Light Vest will quickly become the tool you can’t live without.

Kit Includes:

- Front Pouches: Perfect for smaller electrical components.
- Large Pockets: Great for larger items such as cords, cables, clips, and mini lights.
- Versatile Tool Belt: Adjusts uniformly to your body size.
- Extra Thick Webbing and Durable Hardware: Plenty of support to your pouches, pockets, and other accessories.
- Mix and Match Pouches and Pockets: Create a tool that maximizes your efficiency and comfort.

An assortment of pockets and pouches will fit a variety of tools and accessories. Mix, match, and position as needed on the vest or the belt.

Storage where you need it.

It’s important you have the things you need right at your fingertips. Our triple-layer wide mouth pockets will give you easy access to the stuff you need while keeping individual components organized and accessible.

Front pouches are perfect for smaller electrical components. Large pockets are great for larger items such as cords, cables, clips, and mini lights.

Versatile tool belt easily adjusts uniformly to your body size. Extra thick webbing and durable hardware will give plenty of support to your pouches, pockets, and other accessories.

Mix and match pouches and pockets with the main vest to create a tool that maximizes your efficiency and comfort.
