New Improved Formula!

Osteo-Key

180 capsules

Daily Bone Protection

With added vitamin K1 & K2 complex

UNI KEY's Osteo-Key provides bone-building supplementation at the recommended levels to protect against osteoporosis. Based on the latest medical research, Osteo-Key now contains a complete vitamin K complex – vitamin K1, and two forms of vitamin K2 – balanced for maximum bone strengthening capability, plus increased vitamin D3.

Usage

Take three (3) capsules twice daily with meals as a dietary supplement or as directed by a health care professional. Store tightly closed in a cool, dry place.

Supplement Facts

Amount Per Serving		% DV
Serving Size: 3 Capsules Servings Per Bottle: 60		
Vitamin C (as ascorbic acid)	25 mg	42%
Vitamin D (as cholecalciferol)	600 IU	150%
Vitamin K (as menaquinone-4, phytonadione and menaquinone-7)†	1725 mcg	2156%
Calcium (from MCHA)	390 mg	39%
Phosphorus (from MCHA)	160 mg	16%
Magnesium (as magnesium oxide and magnesium aspartate)	400 mg	100%
Zinc (as zinc picolinate)	10 mg	67%
Selenium (as L-selenomethionine)	25 mcg	36%
Manganese (as manganese citrate)	15 mg	750%
Potassium (as potassium citrate)	10 mg	< 1%
Microcrystalline Hydroxyapatite (MCHA)	1.06 g	†
Boron (as boron citrate)	1.5 mg	†

Other Ingredients: Vegetarian Capsule (Hydroxypropylmethylcellulose and Water), Silica, L-proline HCl, L-lysine HCl, L-glutamic acid and L-ornithine HCl.
†Vitamin K-1 (phytonadione) 150 mcg
Vitamin K-2 (MK-4) 1500 mcg and (MK-7) 75 mcg

Osteo-Key contains

- ✓ **Microcrystalline Hydroxyapatite (MCHA)** - Provides the most absorbable form of calcium available.
- ✓ **Magnesium** - Contributes to bone mineral density, deficiency leads to osteoporosis.
- ✓ **Silica** - Stimulates the activity of osteoblasts – the bone-building cells. A recent study of 2,800 participants found that those who supplemented with silica experienced higher bone density.
- ✓ **Boron** - Helps improve bone strength and preserve bone mass. It also helps the absorption of calcium, magnesium and vitamin D into the bones.
- ✓ **Manganese** - Promotes the growth of healthy bone and cartilage. Studies show that low levels of manganese leads to weaker bones.
- ✓ **Zinc** - Helps to prevent brittle bones. Studies show that zinc is important for proper bone formation, bone growth and mineral uptake.
- ✓ **Vitamin K1 & K2** - K1 promotes higher bone mineral density, while K2 has the unique ability to strengthen bones by cleaning calcium out of the arteries and depositing it into the bones.

Osteo-Key

Bone Support Formula

According to the National Osteoporosis Foundation:

Osteoporosis is a **major public health** threat for an estimated 44 million Americans—
that's **55% of people** age 50 and older.

In the U.S. today, 10 million individuals are estimated to already have the disease and almost 34 million more are estimated to have **low bone mass**, placing them at increased risk for osteoporosis.

While osteoporosis is often thought of as an older person's disease, it can **strike at any age.**

Success Stories

"I thought that my varicose veins were hurting more since I am on my feet all day long, so I tried a couple of other products. I had to rest every 30-35 minutes because I was in a lot of pain. After I used up these other products I decided to try UNI KEY's Osteo-Key. After 3 days I noticed a significant decrease in pain. After 1 week I was back to work as usual, not having that kind of pain. When I stay on Osteo-Key I am out of pain most of the time!"

—Nola S. Los Alamos, NM

"Before taking Osteo-Key, I would wake up at 3 am every night and I struggled with Restless Leg Syndrome. I now sleep better and it has helped with my RLS."

—April B. Fort Eustis, VA

"Before taking Osteo-Key I was diagnosed with osteoarthritis. I was told I would have to have surgery eventually. I have been taking Osteo-Key for 2 years, and tests now show I have improved bone health. The combination of Ultra H-3 and Osteo-Key has kept my osteoarthritis at bay."

—Lynn T. Windsor, CA

"I have been using Osteo-Key for the past 2 years. I had a bone density test which showed that the previous low levels went the opposite direction for the better. It's now stable."

—Debra. S. Reading, PA

note from

Dr. *Ann Louise*™

"Every year there are over 1.3 million fractures that result from osteoporosis. That is why I highly recommend taking Osteo-Key. Osteo-Key contains calcium in its most bioavailable form, as well as vitamin D and a whole host of trace minerals that support bone building."

—Ann Louise Gittleman
PhD, CNS

Osteo-Key is featured as a **Zap-Proof Supplement** in Dr. Ann Louise's book 'Zapped.'
