Super-GI Cleanse
All-in-one Daily Cleanse*
Safe for everyday use, Super-GI Cleanse helps ensure daily elimination and regularity with a blend of cleansing herbs, fiber, enzymes and flora designed to ward off constipation, gas and bloat, act as a ‘broom’ to sweep waste from your GI tract, and relieve intestinal and digestive discomfort.*

Detect parasites and find possible causes of digestive problems, food sensitivities, IBS, chronic fatigue and constipation using stool and saliva samples collected in the privacy of your own home. After your samples are processed by our laboratory affiliate, you’ll receive the results along with personalized recommendations from Ann Louise Gittleman, PhD, CNS.

Avoid the salad bar. Consuming improperly washed veggies may increase your chances of ingesting parasite eggs or larvae.

When eating out, select well-cooked foods—especially avoid raw, rare or under-cooked pork, meat or fish. No sushi!

After handling your pet, wash your hands.

Drink filtered water. We recommend an NSF certified ceramic filter to effectively remove bacteria, parasites and heavy metals.

Scrub under your fingernails where parasitic cysts can hide out.

When traveling or camping, use a portable water filter certified to protect against waterborne organisms.

HCL+2 Complete Digestive Discomfort Formula*
Low, not high levels of stomach acid (HCl) are often an underlying cause of heartburn, acid reflux and indigestion. Supplemented with HCl can help alleviate digestive discomfort, and HCl+2 also contains pepsin and ox bile for healthy digestion of protein, fat and acid-based minerals like calcium, magnesium and iron.*

Flora-Key has been instrumental in helping me feel better overall.

"I have been working on improving my overall health, and know that improving my gut health will help me achieve my goals. Flora-Key has been instrumental in helping me feel better overall. I have been experiencing better sleep, mood, better skin, and more energy since taking this supplement."* -Melissa L.

I have felt more energetic and mentally alert...

"Since I have been taking Flora-key I have felt more energetic and mentally alert."* -Linda L.

This product has been an answer to prayer...

"Flora-Key made a world of difference in my dental health! I am prone to poor dental health no matter what I have tried to do to take care of my teeth and gums. But when I started taking this consistently, I saw improvement within a few weeks. This product has been an answer to prayer."* -Alyssa O.

Reset your health in 30 days!

An astounding 8 out of 10 Americans may be harboring one or more parasites! From microscopic organisms to 15-foot tapeworms, these invaders can cause weight gain, damage organs, create toxicity, and infringe the bloodstream and brain.

Based on over 80 years of combined experience and research, these products represent the “gold standard” in natural parasite elimination. This kit targets accumulated waste, organisms, and toxins for increased energy, nutrient absorption and overall intestinal health. Going a step further, the probiotics help recondition your gut with friendly flora, creating an inhospitable environment for all types of uninvited guests.*

Flora-Key

Powerful Probiotic Nutrition*

Key Ingredients:
- L. acidophilus-Fights yeast, supports urinary health, lactose intolerance and aids in absorption of nutrients.
