Success Stories

GI Diagnostic Testing

Super-GI Cleanse

All-in-one Daily Cleanse*

Safe for everyday use, Super-GI Cleanse helps ensure daily elimination and regularity with a blend of cleansing herbs, fiber, enzymes and flora designed to ward off constipation, gas and bloat, act as a ‘broom’ to sweep waste from your GI tract, and relieve intestinal and digestive discomfort.*

Detect parasites and find possible causes of digestive problems, food sensitivities, IBS, chronic fatigue and constipation using stool and saliva samples collected in the privacy of your own home. After your samples are processed by our laboratory affiliate, you’ll receive the results along with personalized recommendations from Ann Louise Gittleman, PhD, CNS.

Practical Prevention

HCL+2

Complete Digestive Discomfort Formula*

Low, not high levels of stomach acid (HCl) are often an underlying cause of heartburn, acid reflux and indigestion. Supplementing with HCl can help alleviate digestive discomfort, and HCl+2 also contains pepsin and ox bile for healthy digestion of protein, fat and acid-based minerals like calcium, magnesium and iron.*

Avoid the salad bar. Consuming improperly washed veggies may increase your chances of ingesting parasite eggs or larvae.

When eating out, select well-cooked foods—especially avoid raw, rare or under-cooked pork, meat or fish. No sushi!

After holding your pet, wash your hands.

Drink filtered water. We recommend an NSF certified ceramic filter to effectively remove bacteria, parasites and heavy metals.

Scrub under your fingernails where parasitic cysts can hide out.

When traveling or camping, use a portable water filter certified to protect against waterborne organisms.

It’s like a miracle occurred…

* I got food poisoning in Mexico… I was bloated, gassy and had abdominal pain. The first 4-5 days of using the kit, my symptoms seemed to worsen, but then it was like a miracle occurred. Within a week, my stomach wasn’t bloated, the gas was almost gone, and the pain had decreased by 70%. On a side note, my skin looked phenomenal!*-Deborah

*Dietary supplement. Individual results vary.

Reset your health in 30 days!

An astounding 8 out of 10 Americans may be harboring one or more parasites! From microscopic organisms to 15-foot tapeworms, these invaders can cause weight gain, damage organs, create toxicity, and infiltrate the bloodstream and brain.

Based on over 80 years of combined experience and research, My Colon Cleansing Kit is the “gold standard” in natural parasite elimination. This kit targets accumulated waste, organisms, and toxins for increased energy, nutrient absorption and overall intestinal health. Going a step further, the probiotics help recolonize your gut with friendly flora, creating an inhospitable environment for all types of unwanted guests.

30-Day Protocol

**Weeks 1-2**

- Take Para-Key and Verma-Plus according to instructions on the label.
- Rest from taking all other products but continue with diet.
- Take Flora-Key and Flora-Key according to instructions on the label.
- Take Para-Key and Verma-Plus according to instructions on the label.

**Weeks 3-4**

- Take Para-Key and Verma-Plus according to instructions on the label.
- Rest 5 Days
- Take Flora-Key and Flora-Key according to instructions on the label.

If you still have gas or feel bloated after the initial 30 days, you may want to consider repeating for another 30 days.

3-Part System

**Flora-Key**

**Powerful Probiotic Nutrition**

- **Key Ingredients:**
  - L. acidophilus-Helps fight yeast, supports urinary health, lactose intolerance and aids in absorption of nutrients.*
  - Bifidus (B. longum, B. bifidum)-Relieves indigestion and allergies.*
  - L. reuteri-Helps combat diarrhea, skin issues, H. pylori, colic and oral health.*
  - L. plantarum-Inhibits bloating or gas, bowel distress, any allergies and constipation.*
  - Inulin (Prebiotic)-Nurtures probiotics to transport good bacteria into your gut.*

**Recommended Dosage:** Adults take 1 capsule 3 times daily. Children 18 lbs or older take 1 capsule on an empty stomach. For children 11-17 lbs, take half for 30 days.

**Para-Key**

**All-natural Protozoa Formula**

- **Key Ingredients:**
  - Cranberry Concentrate-Rich in organic acids that aid digestion.*
  - Grapefruit Seed Extract-A powerful antimicrobial structure.*
  - Pomegranate-Time-honored fruit to remove unwanted organisms.*
  - Wormwood-Heals and removes worms from the intestinal tract.*
  - Black Walnut Hulls-Expels intestinal waste and unwanted organisms.*
  - Male Fern-Helps reduce flatulence, soothe digestion and eliminate protozoa.*
  - Sweet Wormwood-An internationally-recognized microorganism eliminator.*

**Recommended Dosage:** Adults take 1 capsule (2 capsules for children under 12) daily, 30 minutes before a meal or at bedtime. For children 18 lbs or younger, take half for 30 days.

**Verma-Plus**

**All-natural Vermifuge Tincture**

- **Key Ingredients:**
  - Green Organics-Pure herbal blends that help reduce flatulence, soothe digestion and eliminate protozoa.*
  - Centuary-Aids in digestion, circulation and promotes peristalsis.*
  - Black Walnut Hulls-Expels intestinal waste and unwanted organisms.*
  - Peppermint tea for flatulence and protozoa protection.
  - Willow bark helps to inhibit bloating or gas, bowel distress, any allergies and constipation.*
  - Pomegranate-Inhibits bloating or gas, bowel distress, any allergies and constipation.*

**Recommended Dosage:** Adults take 1 oz 3 times daily. Sheferbals 2 oz or more per day or as directed by a health care professional. For children 11-17 lbs, take half for 30 days.

Diet at a glance...

**Foods to Emphasize**

- **Lean protein**
  - Organic, anti-biotic-free lean protein rich in zinc and vitamin A such as beef, lamb, poultry, fish or free-range eggs (at least 3-4 times daily).

- **Cooked vegetables**
  - Healthy broth, homemade soups and stews

- **Healthy essential and saturated fats**
  - 2-3 tablespoons organic unrefined coconut oil, olive or macadamia oil, raw butter and cream.

- **Flora-Key according to instructions on the label.
  - Peppermint tea for flatulence and protozoa protection.
  - Pomegranate tea helps to inhibit bloating, bowel distress, any allergies and constipation.

**Foods to Avoid**

- **Sugar and artificial sweeteners**
  - This includes sucrose and sugar alcohols like xylitol, and even so-called “natural” sweeteners like honey, maple syrup or agave. Only stevia and monkfruit are acceptable...

- **All fruit and fruit juices for first two weeks**
  - After, you may add up to four servings of fruit daily—one serving is equivalent to ½ grapefruit, 1 apple, 2 plums, 10 cherries or 1 cup of berries.

- **All alcoholic beverages**
  - Beans, nuts, seeds, peas and legumes
  - They can be harder to digest and create additional flatulence (only excludes pumpkin seeds).

- **Cold or raw foods and drinks (including salads)**
  - Beans, nuts, seeds, peas and legumes
  - They can be harder to digest and create additional flatulence (only excludes pumpkin seeds).

- **All alcoholic beverages**
  - Beans, nuts, seeds, peas and legumes
  - They can be harder to digest and create additional flatulence (only excludes pumpkin seeds).

- **All antioxidant**
  - They can be harder to digest and create additional flatulence (only excludes pumpkin seeds).

- **All antioxidant**
  - They can be harder to digest and create additional flatulence (only excludes pumpkin seeds).
