ABOUT THE BRAND

COSTAL MEANS CONFIDENCE.

Launched in 2017 as the brainchild of Lui Bantigue and Megg Lachica, COSTAL was born out of the desire to provide everyday bags and bag essentials that inspire you to get up, go, and be yourself.

THE HEART OF COSTAL

With the Brooklyn being the mother of totes for its versatility and timeless style, our product line has evolved with more bags that blend each lifestyle and transcends trends. COSTAL's identity grew as their understanding for the modern Filipino woman deepened. We were able to fully adapt to the seemingly fast-paced lifestyle of those who work hard, reward themselves, and find joy in little luxuries in life. From Brooklyn to Carrie, Betsy and Luna, to Madison and Rachel, we are a match made for each other.

Knowing what we want and what we are all capable of, that makes confidence the defining characteristic of Costal – a driving force for empowerment.

"COSTAL believes that style that inspires can unleash one's confidence within."

we are **URBAN.**

Not luxurious neither cheap, the in between of trendy and classy, those who find joy in little luxuries.

we are **VERSATILE.**

Function meets style. Timelessness is key. Dressing up shouldn't stress you up.

we are **PROUDLY LOCAL.**

Globally-competitive with products crafted locally, boasting local talent.
