

Dear Store Buyer,

I would love to request that you carry Mylk Labs Grab & Go Oatmeal Cups. Their products are non-GMO, gluten-free, whole grain, vegan, and have 50% less sugar compared to most of the options on the market. It's sweetened only with organic coconut sugar and uses a delicious nut-oat base for additional creaminess that gives a natural protein boost. I frequently shop at your store and would love to be able to purchase Mylk Labs products when I shop with you. Please contact wholesale@myklabs.com for more information.

Your Loyal Customer and Mylk Labs Lover,
