

Quick

REMIglas Quick is a glass cover for narrow depth single well freezer islands.

The cover is designed for islands measuring 1.8 m (6 ft.), 2.5m (8 ft.), and 3.75 m (12 ft.) in length.

The sliding panes are only available flat. The panes slide left and right.

Frame

The frames are positioned on the upper edge of the chest and are matched to the shape of the chest.

An upper and lower sliding pane is inserted into each frame.

Lighting

is not available

Price bars

are not available

Colors

Standard Quick components are supplied in RAL7035 (light grey). A traffic red (RAL3020) marking is provided in the center of the full length handle profile.
