

Group Data Pool Bonus – Terms and Conditions

When is the offer available?

The promotion is available for a limited time and is subject to change or cancellation without notice, but if we do so, we will honour the promotion for any member who qualified prior to the change or cancellation.

What is the Group Data Pool (formerly, Data Mega Pool)

The MYNMAX Mobility Program is comprised of devices from many small and medium sized businesses from across Canada on the Enterprise Group Mobility Plan (the largest in Canada). A major benefit is that all the data within the group plan is pooled, which allows us to utilize unused data to partially or fully cover data overages of other members within the group for free.

Who is eligible?

The Group Data Pool Bonus is available to both new and existing members as long as you sign on, or migrate to, an “Eligible Plan” (current in market Red Group 45, Green Group 55 Plan) during the promotion period.

Existing members are able to move to an Eligible Plan provided their account is active and current. To move to an Eligible Plan, call MYNMAX Support Center at 1-855-669-6629.

What will I receive?

You will receive free unused data from the Group Data Pool to partially or fully cover any data overages within the billing cycle. The amount of unused data in the Group Data Pool fluctuates every billing period, and is not guaranteed. In this case, any usage not covered by the Group Data Pool will be subject to data overage fees of \$20/GB.

Data Revised – May 2017
