<ul> <li>◆ The laboratory undergoes proficiency evaluation to verify continuing acceptable performance and maintains a record of all proficiency evaluation results, including any necessary follow-up actions taken.</li> <li>This is being accomplished through one of the following options:         <ul> <li>(1) AMRL/CCRL Proficiency Evaluation — The laboratory participates in all AMRL/CCRL proficiency testing programs relevant to the testing being performed by the laboratory. The laboratory has investigated to determine the cause(s) for any proficiency rating of "2" or less and has implemented indicated corrective action. Copies of all AMRL/CCRL reports, along with laboratory responses, are maintained at the laboratory.</li> </ul> </li> <li>(2) NETTCP Proficiency Evaluation — The laboratory participates in a proficiency testing program established and operated by NETTCP (or a Transportation Agency) utilizing one or more AASHTO-accredited laboratories. The NETTCP proficiency program is similar in nature to the AMRL/CCRL proficiency testing program. Copies of all proficiency evaluation reports, along with laboratory responses, are maintained at the laboratory.</li> <li>(3) IA Evaluation — A Transportation Agency's Independent Assurance (IA) system is being used to evaluate the personnel and equipment of the laboratory.
