

what phil sees.

activity time.

volume three

(adults only contains swearing!)

.c1

hellooooooooooooo.

thank you for downloading this activity time document.
(volume three)

maybe you've already downloaded volumes one and two and had some fun with the kids! though I'm sure you also had a go!

well this volume is a little more adult so please keep away from the kids!!

inspired by the very popular hidden language print designs you could say it includes quite a few fucks and some shits! ha.

enjoy.

it's win win win!

i'd love to see some social images on instagram of you trying out these activities.

so i'm running a competition to win one of my a4/a3 prints.

just post your image on instagram and tag me in
@what.phil.sees

i'll randomly pick 2 winners on april 24th.

thank you.
