KEY 2

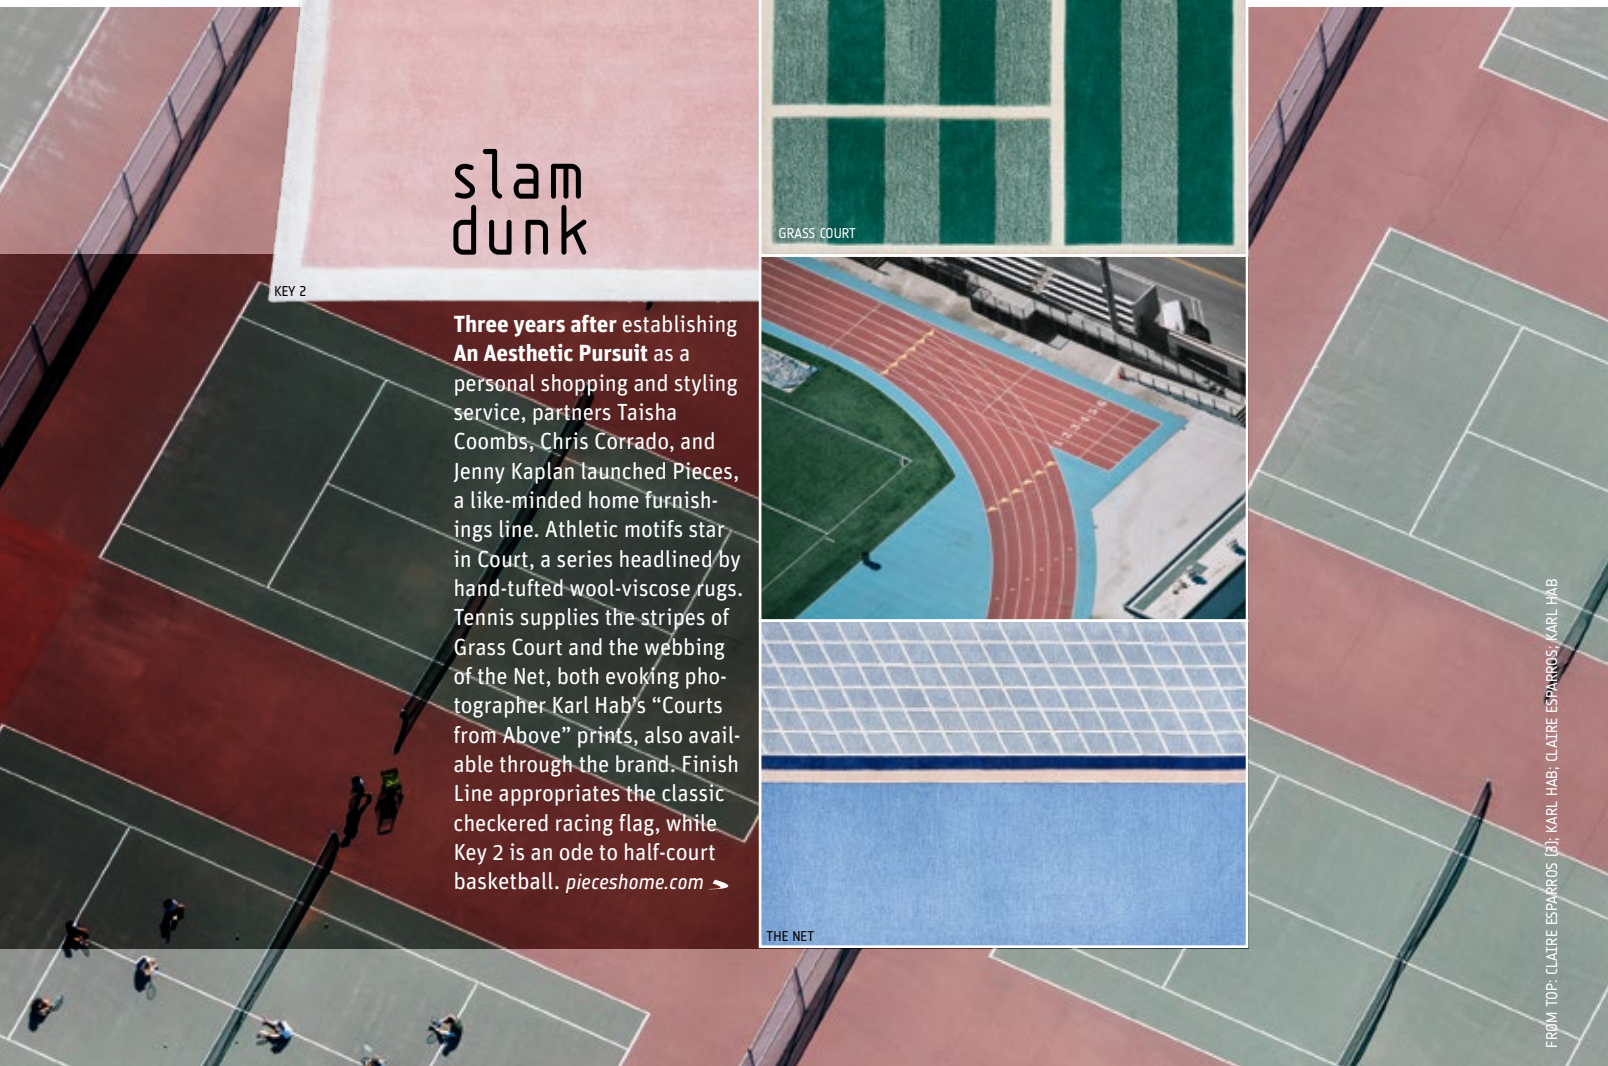

Three years after establishing **An Aesthetic Pursuit** as a personal shopping and styling service, partners Taisha Coombs, Chris Corrado, and Jenny Kaplan launched Pieces, a like-minded home furnishings line. Athletic motifs star in Court, a series headlined by hand-tufted wool-viscose rugs. Tennis supplies the stripes of Grass Court and the webbing of the Net, both evoking photographer Karl Hab's "Courts from Above" prints, also available through the brand. Finish Line appropriates the classic checkered racing flag, while Key 2 is an ode to half-court basketball. pieceshome.com ➤
