14 Flawless Foundations for Dark Skin Tones

Because tan-colored foundations don't cut it.

Finding the right foundation for darker skin tones is one of the biggest beauty challenges when it comes to makeup — especially because so many companies only offer a handful of shades, and their deepest options often don't match the darkest skin tones. Thankfully, that's slowly (but surely!) changing, now that more brands are expanding their ranges. Here are 14 great options.

10. Black Opal Foundation Stick

BLACK OPAL

In addition to foundation, this stick can double as a contour stick if you buy it a shade or two darker, and as a highlighter if you get a shade lighter than your skin tone.
