All of her **Instagram** posts that shout out **Fashion Nova's** affordable clothing have pretty much cemented **Cardi-B** as the Queen of Ballin' on a Budget, but the Bronx rapper makeup routine is also affordable. Her makeup artist **Erika La' Pearl** says that Cardi's signature polishes look is completely do-able.

The Grammy-nominated artist's contour is a little more expensive. The Black Opal foundation stick is also a drug store commodity and costs \$10.
