DrugStore Products!

Hey Guys, I just thought I'd show you some of my drug store products. Most of them I use regularly when I am doing my makeup. I'll list below where you can purchase them and their prices. This is just a few of them, let me know which products you use.

Black Opal True Colour Creme Stick Foundation- Suede Mocha
eBay £8.95

When I want a warm contour and not too dark and sharp this is what I use. It has a creamy consistency and blends wonderfully. It's a great colour to warm up your face and gives a more soft natural look.
