

COLOA KRAFT

Premium Automotive Paint

Lil' Daddy Roth's Color Kraft features Vivid Basecoats and Catalyzed Kandies as well as an Ultra Glossy Clear to add a Premium Finish to any project! Old school simplicity with V.O.C. Compliance makes Color Kraft the excellent choice for new painters and veterans alike. When used with Lil' Daddy's Flake and Pearl the possibilities are endless!

Our Basecoats are available in Quarts, Gallons and even Aerosols so everyone from do-it-yourselfers to painting pros can use our products. Each Basecoat is inspired by the Metal Flake colors that launched our brand but you don't even need to apply flake to these super sparkly metallics!

Create your own colors by Spraying Color Kraft Candies over our basecoats or simply spray them over Surfite Silver Base for a bright look. All you need to do is mix the Candy with our Roth Activator and its ready to spray, just like the good ole' days!

Mix Ratios
