WML-P LED machine Work Light

	300S	400S	600S
L1	304	404	604
L2~L3	282~298	382~398	582~598
L4	200	300	500

1. The MWL-P is designed for harsh environments.
2. Made with Anodized aluminum body and tempered glass.
3. IP67 rating, resistant to high pressure wash, coolants, and detergents.
4. High brightness SMD2835 LED chip, 90lm/w.
5. Frosted Glass for reduced glare.
6. Powered by 24V DC

Specifications:

Power: 300mm = 12W
 400mm = 18w
 600mm = 28w

Lumens: 300mm = 1080lm
 400mm = 1620m
 600mm = 2520lm

Input Voltage 24VDC

Lumen Efficiency – 90lm/w

Beam Angle = 110 degree

Material – Anodized Aluminum, Tempered Glass

Working Temp / Humidity -20-45 C, 10%-90%

CRI >80

IP67

Color Temp 6000-6500K

Estimated Life – 50,000 hours

Cable – 6 feet
