Shinju II

Shinju II forms a second, complimentary chapter to Momoko Hatano's pearl series. The collection explores the elegance of these coveted gems, and celebrates their understated beauty.

Each piece is conceived as an heirloom, gifted across generations of treasured relationships, from mothers to daughters, between sisters and friends. A timeless inheritance.

The collection showcases the versatility of these organic gems. Bold crystal pearls are featured in key pieces, while subtle freshwater pearls are secreted within the jewellery, veiled in precious metals - a whispering, private luxury for the wearer.

Each piece utilises exclusively Australian sourced gold and silver, with an emphasis on recycled materials. Driven by timeless design and informed by an ethos of sustainability, the collection is lovingly hand made in Sydney by Momoko.
