

# Afternoon Make Bag

makes one awesome shoulder bag

**WULLA**  
PATTERNS

## YOU NEED:

x2 200g Balls of Meta Giant Yarn  
20mm Hook

Key: **DC** - UK Double Crochet  
**YO** -Yarn Over  
**Ch** -Chain

**remember  
to keep your  
stitches  
loose**

Ch 7

Working from the 2nd stitch, DC 6

DC 2 in side of the final stitch

Continue around the base of the foundation chain

DC 6

DC 1, slip stitch in the side of the first stitch in the row (16 stitches in total)

You should have a flat oval shape, this is your bag base.

Ch 1, dc 15, slip stitch 1 in the top of the first stitch in the row.

Continue for 9/10 rows

When you finish ball one, carry on if you are using the same colour, if using a different colour; make sure you change colour at the beginning of a new row.

After final slip stitch, on top of rim of the bag, start I Cord for the shoulder strap.

Ch1, keep on hook, place hook through next stitch, YO and pull through, keep both loops on hook, place hook through next stitch, YO and pull through, keep all three loops on hook.

To Make I Cord Strap

Slip last 2 loops off hook and hold,

YO, and pull through first loop on hook

Put your 2nd loop back on the hook,

YO and pull through second loop,

Put your 3rd loop back on the hook

YO and pull through third loop - you should have 3 loops on your hook.

Repeat

Continue till I Cord is of desired length, we like a long slouchy strap but remember the yarn may stretch slightly. Join on opposite side of bag rim

Place hook through stitch on opposite side of bag rim, YO, pull through 2 loops

Place hook through next stitch in bag rim, YO and pull through 2 loops

Place hook through next stitch on bag rim, YO and pull through final loops on hook.

Secure off.
