

This is not intended as a step by step pattern for each size but as a guide. Feet come in all shapes and sizes, and you might find that you need to add an extra stitch here or there to accommodate wider or taller feet and vice versa. Feel free to adapt this pattern as you go.

# Chunky Monkey Slippers

makes one pair of slippers

## YOU NEED:

200g of Wulla's Beta Yarn for small sizes  
300g for medium to large sizes

10mm Crochet Hook

x1 set of felt bases in size of your choosing check out [www.joestoes.co.uk](http://www.joestoes.co.uk) (plain and gripped versions are available)

x1 Large Embroidery Needle

Base.

Cut a length of yarn, twice the circumference of your base.

Using running stitch, thread the yarn through the pre-punched holes in your base, starting at the heel. Keep the stitch loose to enable you to crochet through the loops in the next row. Tie off.

Treat each loop on the top side of the base as a chain.

Chain 2, DC around base, slip stich final stitch to side of initial chain.

Over the next 4-6 rows, depending on your shoe size, you need to evenly decrease around the front toes of the slipper.

Below is a guide to decreasing.

NB: for smaller sizes, you will not need another DC row after Row 1, so proceed straight to decreasing.

	size 2/3	size 5/6	size 7/8	size 10/11
Row 2	Dec 5	DC	DC	DC
Row 3	Dec 3	Dec 5	Dec 6	Dec 6
Row 4	Dec 3	Dec 3	Dec 4	Dec 4
Row 5	DC	Dec 3	Dec 3	Dec 4
Row 6		Dec 2	Dec 3	Dec 3
Row 7				DC

Top Tip: For a different effect try a single decrease of 3 sts.
