

A step-by-step guide to placing and paying for your CSD order

Accessing your Team Store

CS DIRECT is a unique team store ordering portal that allows team members to place orders and pay directly giving you complete control over the kit you want to buy.

Your team Kit Manager would have sent you a URL link which will give you access to your team store. Simply copy and paste the URL into your web browser search bar and press enter.

It will look similar to this: http://eucustom.champ-sys.com/teamstore/?TEAMSTORE

1. On your Team Store home page you will be presented with all the garment design proofs that you can order your kit from. Your Kit Manager has already been busy approving the designs so all you need to worry about is selecting which garments you wish to purchase.

3. You will then be presented with the products available to order against this proof. Hold the cursor over the item you wish to order and select.

 Hold the cursor over the proof that you wish to order your garment from and select the click to order button. In this case we have selected the bib short proof.

4. You will then see the proof in closer detail and be presented with options on tailoring your garment. Select the option you desire.

Choosing your garment

5. Continue with the product tailoring by choosing an option presented.

7. You then have the option to review the order and go to Check Out or Continue Shopping to order more garments.

9. Once you have finished adding products select Review/Checkout.

6. Once the details are refined select the **size** you want to order by typing in the **quantity** in the relevant empty box. Then select **Add to Cart.**

8. Continue Shopping will lead you back to the Team Store home page where you will need to repeat the process on a different garment proof.
