## Made for Shade

Lisa Moore's line of skin protecting clothing is a must for the sunny days of summer. The quick-drying fabrics are SPF 50 and are great for outdoor workouts or poolside. Find the Dallas resident's line—everything from short-sleeved cardigans, great for donning over a wet swimsuit, to short-sleeved shirts—at [Cover Clothing](#) or The Shak in Dallas.

## Green Serene

Bamford Body, a line of all-natural bath and beauty products, has a therapeutic eucalyptus bath oil (\$72) that's just right for soaking tired muscles. The scent is refreshing while remaining mellow enough to help you relax. Available at [Neiman Marcus](#) and [Barneys](#).

## Happy Anniversary

Cartier continues to celebrate its North American centennial this month bringing 100 special pieces to the Houston Galleria salon July 2–19. The timepieces and jewelry are commemorative editions of classic pieces that are only available this year. If bijoux aren't in your budget, buy the Bruce Weber book *I Love You, Cartier* (\$95) which hits [Cartier](#) stores this month. Photo: Bruce Weber.

## Mark your Calendar

July 9-11 save up to 90 percent during [Muse's](#) annual backroom sale. Find Calypso, Roberta Freymann, Splendid, and Eberjey all marked down.
