Cetyl M® Success All-Around

"I recently bought some Cetyl M® to try on my dogs, horses & myself. I saw your booth at Horse Expo at the Pomona fairgrounds & thought I'd give the stuff a try. I really don't understand how the stuff works exactly but it is amazing. In only these few days since I purchased Cetyl M® on Thursday, my neck feels wonderful. It doesn't crack every time I move it anymore and I keep thinking, how can this be? Additionally, my old fox trotter is cracking less, and my old dogs are moving much much better. All this improvement and we have only been using your product since Thursday night, and it's only Monday morning. Wow!... You may not realize exactly how much it means to me to have found your product, Cetyl M®. I took a nasty spill off one of my horses in May of 2011. My broken bones have healed well enough, but my neck has given me trouble ever since. I found no relief for my neck until the first night I applied Cetyl M® cream. Please don't ever stop making your products.

-Vicki Earl

Daughter introduced me to CM Response™- It is very helpful

"My daughter introduced me to CM Response™. It is very helpful for arthritis in the hands. I have been using it for a few weeks and find that it soothes my aching hands and makes them more useable. Thanks very much; I have just ordered some more!!!"

- Eleanor C. Moore

CM Response™ a wonderful product and worth the wait

"Just wanted to let you know - I would not be without your Response Caps - They have made all the difference in my joints and muscles. I have been taking them for quite some time now. At 73 yrs. I have had lots of problems - but thanks to this wonderful product I can do my farm/horse/ barn/house work again almost as well as I did a long time ago. Please tell customers not to give up on taking them - it took 6 weeks for me to feel that wonderful relief - it was well worth waiting for. Thank you so very much for this life changing product. Yea, CM RESPONSE!!!!!!!"

- Margaret L./South Carolina

Retired police officer praises CM Response™

"Your product is the best. It flat out works! CM Response™ worked so well I avoided knee surgery!! Please post my testimonial on your site."

- Frank Esposito, Retired Police Officer
Connecticut

A real life changer

"I have chondromalacia in my knee and was in severe pain. I'd been taking another joint relief product that was helping some but not doing a great job. I went on the Internet and searched on the main ingredient in that product, found the Cetylm.com site and decided to give it a try. I cannot believe the difference this formula has made in my life. After the first week of taking the CM Response™ product, my knee felt quite a bit better. Now I have more good days than bad. I can walk around and sometimes forget that I have a problem with my knee. It has also helped with the arthritis in my hands. I would, and have, recommended this to others I know with joint problems."

- Sharri Thomas/Albion, NY

Should have started sooner

"I've suffered from rheumatoid arthritis for about 10 years now. Of course I've tried lots of medications to control it with minimal results. After seeing how well your joint action formula for dogs (Advanced Cetyl M® for dogs) worked for my 13-year-old Australian Sheppard, I started taking the human formula (CM Response™) for myself. I don't know why I waited so long to give it a try because it has made a very big difference in the quality of my life. My Australian Shepherd (Ring) and I both thank you for two great products."

- Ron Rowe/Pipestone, MT

An excellent product

"I had severe knee pain to the point that I underwent arthroscopic surgery, but I got no relief. The pain was so bad I would stand at the bottom of the steps and look up at them and cringe. At least 4-5 times a week I would have to sit around with ice or heat on my knees just to try to alleviate the pain. Then I started taking the CM Response™ capsules, six a day. In about 2-1/2 weeks, I started to notice a difference. I began to cut back and now take a maintenance dose of two capsules a day. The other week I was in the bed of my truck, and without thinking I just jumped off. I was about half way to the ground when I realized my mistake and thought, "This is really going to hurt." Much to my surprise, I landed with all my weight and didn't feel a bit of pain. THANK YOU ALL FOR AN EXCELLANT PRODUCT!"

- Bruce Campbell/Newburg, PA

Pain free after five days

"While watching the Down Under Horseman on TV, I saw the advertisement for your product. I suffer from very painful arthritis in my hands. And for the past few months I have been suffering from joint pain in my legs, making it very painful to walk. I thought I would give your product (CM Response™) a try. After all, I figured if the horse formula works for performance horses, the human product ought to bring me a little relief. I have tried other products but CM Response™ WORKS! It took about five days but I was pain free for the first time in years. I cannot thank you enough. I am recommending this product to everyone I know who suffers from joint pain."

- Nancy Strobe/Pittsburgh, PA

Completely sold

"I am completely sold on CM Response™. I was diagnosed with Rheumatoid Arthritis last summer and the doctor had been experimenting with different meds to get my condition under control. I also started taking CM Response™ in the fall. Well, in March I had to have an unrelated surgery and the surgeon wanted me off the RA meds for a week prior to the surgery. I was VERY CONCERNED, but reluctantly complied. As of today, I am no longer taking the RA medication, only CM Response™—and I have no problems with my previous RA condition. I AM SOLD ON THIS PRODUCT!!

Note: I actually started my Clumber Spaniel on your Cetyl-M® dog formula almost two years ago after he was diagnosed with bilateral hip dysplasia. And I'm pleased to say that he is doing so much better now after he has started taking your product. In fact, he is the reason I decided to try the human product for myself."
