

Delkor®

THE POWER IS YOURS.

For Automotive

Power to go beyond

Delkor® batteries are manufactured by Clarios, one of the world's largest automotive battery manufacturers with over 100 years of expertise. Manufactured in Korea since 1985, Delkor batteries have been constantly evolving, putting innovation into your driving power. Giving our customers the best is the motivation behind our breakthroughs and ensuring that you enjoy products and services that surpass expectations is our drive.

Because we believe, The Power is Yours.

Award-winning quality

For 13 straight years since 2006, Delkor brand is the only brand to win the coveted top spot for automotive batteries at the Korean Quality Excellence Award, a prestigious award that celebrates product quality reflected by customer satisfaction.

Today, Delkor batteries are renowned for quality—in fact, one of the best in the world.

Unrivalled technology

Delkor batteries have access to the most advanced technologies and state-of-the-art production facilities.

It is what's inside that matters. Our patented proprietary PowerFrame® grid technology strengthens, reinforces, and makes all the difference to automotive batteries from within.

Keeps getting better

We believe the power of taking one more step into the future is in our hands. Pushing the horizons, we continue to innovate and set our sights on the next era of battery technology.

Going beyond what today beholds. That's the power of Delkor brand.

Power to move, uncompromised

There's a Delkor® automotive battery for your every driving need. Designed for a full range of automotive vehicles, from the everyday passenger cars to the ultimate performance machines, our automotive batteries are powered by patented PowerFrame® grid technology for True Strength™ within*. Don't compromise. Choose Delkor batteries to power your move today.

Automotive range

3x
CYCLE LIFE

START STOP
PLUS
READY

Delkor AGM

- For vehicles with advanced start-stop function and regenerative braking
- Durable, lasting up to 3x longer cycle life than standard flooded batteries on start-stop vehicles
- Reliable, delivering superior electrical performance for high electrical demand
- Delivers better starting power in cold weather
- Safe, certified non-spillable. Suitable for mounting in any orientation
- Improved durability in hot climates with heat-deflection container design

2x
CYCLE LIFE

START STOP
READY

Delkor EFB

- Designed for vehicles with conventional start-stop function
- Up to 2x longer cycle life than standard flooded batteries
- PowerFrame grid technology for high starting power and reliable performance
- Maintenance-free

Delkor Premium Silver

- Minimal self-discharge
- Extended service life
- Premium power for cars with additional power needs
- Maintenance-free

Delkor Premier

- Maintenance-free
- Designed for luxury and high-performance cars for ultimate power
- Higher performance, greater longevity

Delkor Calcium

- Preferential choice for all cars with conventional power requirements
- Made to last longer
- Maintenance-free
- Suitable for most vehicles

Power to be on the edge of technology

PowerFrame® grid technology

Our batteries are not built with just any grid, but a PowerFrame grid. A patented technology exclusive to Clarios, developed for reinforced battery strength. PowerFrame grids are made by rolling metals into strips that are then stamped into the grid shape. Result? A stronger, more durable frame beyond comparison*.

Structurally strong

Up to 66% more durable and corrosion-resistant.

Patterned for power

Provides superior cranking power with up to 70% better electrical flow.

Clean construction

Manufactured using 20% less energy and produces 20% fewer greenhouse gases than other manufacturing processes.

PowerFrame on the outside, for True Strength™ on the inside.

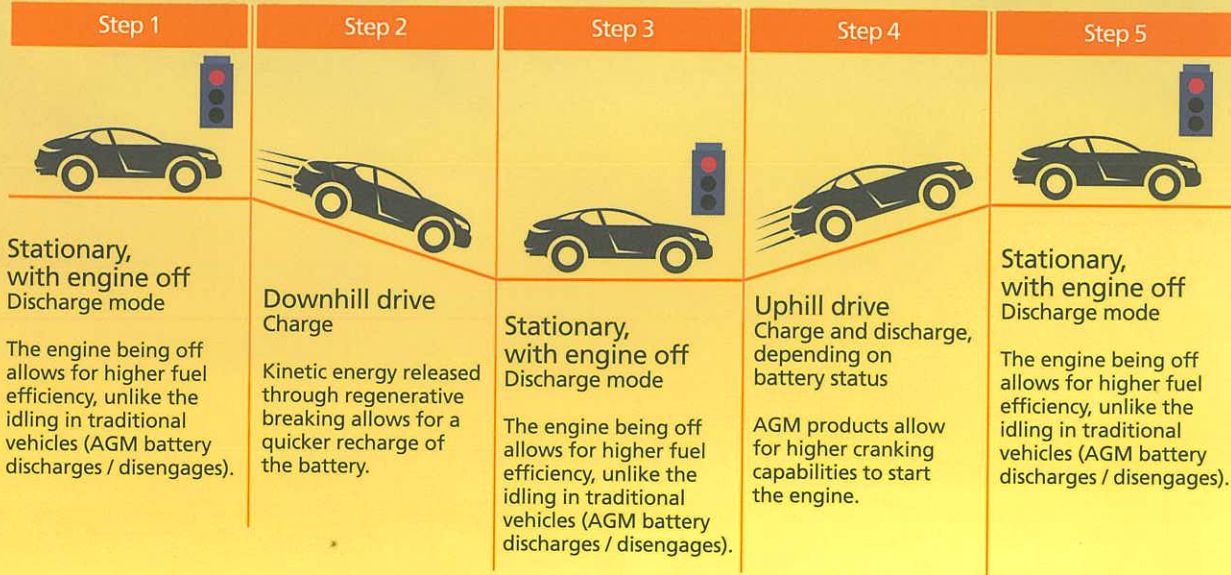

Look inside for True Strength™ within

Start-stop technology for fuel efficiency

Delkor® AGM batteries are designed to complement start-stop technology, an innovation adopted by many automobile manufacturers to improve fuel economy for premium vehicles.

About Clarios

Clarios, formerly Power Solutions, is a world leader in advanced energy storage solutions. We partner with our customers to meet increasing market demand for smarter applications, on a global scale. Our 16,000 employees develop, manufacture, and distribute a portfolio of evolving battery technologies for virtually every type vehicle. Technologies that deliver uniquely sustainable, next-generation performance, and bring reliability, safety, and comfort to everyday lives. We add value at every link in the supply chain, contributing to the progress of the communities we serve and the planet we all share.
