| Performance Data | |
|------------------------|-----------|
| Input Power (W) | 100 |
| Lumens (lm) | 10,400 |
| Energy Rating | A+ |
| Rated Life (Hours) | 50,000 |
| Colour Temperature (K) | 5,700 |
| Beam Angle (°) | 120 |
| Warm Up Time | 3 seconds |

| Electrical Data | |
|------------------------|---------|
| Input Voltage (V) ±10% | 220-240 |

| Safety Thermal | |
|----------------------------------|-----|
| Maximum Ambient Temperature (°C) | 45 |
| Minimum Ambient Temperature (°C) | -40 |

| Physical Data | |
|-----------------------|---------------|
| Case Material | Polycarbonate |
| Dimensions (mm) | 220 x 225 |
| Dimensions LxWxH (mm) | 200 x 225 |
| Base | E40 |
| IP Rating | IP20 |

Notes:

Ventures Professional Retrofit range of LED lamps are fully suitable for use within enclosed Luminaires.

These Professional Retrofit lamps must be installed in a manner to allow sufficient free airflow around the lamp and that the lamp ventilation slots are free from obstruction and reasonably protected from dust and debris, enabling the integral cooling fan to work effectively - noting the lamp is thermally protected and will dim to achieve a safe temperature under adverse conditions. This Product Specification contains data about typical performance at nominal power. Actual values may depend on ballast and applications. Complies with (CE), Low Voltage (CE), WEEE and RoHSDirective.

Data is based upon tests performed by Venture Lighting in a controlled environment and is representative of relative performance at the relevant nominal power/voltage (e.g. 110/240/415). Actual performance can vary depending on operating conditions.

Data is subject to change without notice.
