

Datasheet

RS Pro 38 W Emergency Light Conversion Kit, 150 x 44 x 30 mm

RS Stock No: **466-3330**

Product Details

RS Pro 38 W emergency light conversion kit is perfect for integrating into existing control gear. It measures 150 x 44 x 30 mm. This charger/inverter module can be tuned specifically to the lamp, giving better performance for the cell capacity. The failure of the unswitched supply operates the changeover circuit bringing on the battery supply. It is supplied with a fused terminal block and pre-cut connection wires.

Features and Benefits

- Ideal for integrating into existing control gear
- Supplied with a fused terminal block and pre-cut connection wires
- The modules can be tuned specifically to the lamp, giving better performance for the cell capacity
