

## **AZIS Spot** LMR16 series 6W LED MR16 Spotlight

The AZIS Spot LMR16 series is a LED MR16 Spotlight for general lighting applications. The 6W LMR16 series is a perfect replacement for 50W halogen spotlight, saving 85% of electrical power and lasting up to 25,000 hours.

### **Applications**

- Accent and ambient lighting
- Indoor lighting (receptions, corridors, showcase, lifts and washrooms, etc.)

### **Focus Lighting**

- Produce an evenly distributed light with minimum glare, which enhances the ambience
- High performance lens gives 24° or 36° beam angle to focus on your favourite objects or pictures
- 2700K and 3000K colour temperature

### **Eco-Friendly**

- Specially designed heat sink provides effective cooling to reduce the operating temperature and air-con load
- Small size allows more flexibility in placing the lamps with options of various beam widths

## Specifications

Note: All specifications subject to change without prior notice.

Model No.	Input Voltage	Power	Power Factor	Beam Angle	Colour Temp.	Lumen	CRI	Weight
