

Key Features

1. Replacement for fluorescent tubes
2. Energy-saving and environmentally friendly
3. Luminous efficiency: 140 Lm/w

Construction Features

1. Structure: :Aluminum Body+ PC Cover
2. Easy to install

Technical Features

1. Input Voltage: AC85-265V
2. Power Factor: PF>0.90
3. Color Index: Ra 80-83
4. Clear cover or Milky cover
5. IP Rating: IP40
6. Lifespan: 50,000 hours
7. Infra Sensor
8. Round shape 28mm diameter
9. Sensor distance: 4-6m
10. Sensor delay time: 30s, 60s,90s,120s
11. Beam angle:120-180degree
12. Sensor model:

1, when people or car come , led light turn on automaticly 100% brightness, when people or car leave, the infra sensor led tube light turn off 100%

2, when people or car come, led light turn on automaticly 100% brightness,when people or car leave ,the infra sensor led tube light turn to be 30% brightness

Options

Lighting Cover: Clear/Milky Cover

Warm White: WW/ 2600-2800K

Neutral White: NW/4000k

Pure White: PW/5000K

Cool White: CW/6000K

Data Sheet

Product Size	Rated Power	Input Voltage	LED Type	Power Factor	LM/W	CRI
60cm/2ft	10W	AC85-265V	SMD2835	PF >0.90	140	Ra>80
120cm/4ft	18W	AC85-265V	SMD2835	PF >0.90	140	Ra>80
150cm/5ft	25W	AC85-265V	SMD2835	PF >0.90	140	Ra>80
