

MERCIAN (IP 65)

High performance wall mounted luminaires

Information :

A stylish, vandal resistant luminaire photometrically designed to achieve the widest possible luminaire spacing and features a simple fast-fix mounting system. For use on building walls to light walkways and entrance areas, suitable for commercial premises, educational institutes and hospital/healthcare buildings. Emergency and AutoTest emergency versions available (42W TC-T only). Supplied complete with SON, MBI or 42W TC-T lamp.

- Strong pressure die-cast LM24 aluminium body prevents distortion when fixing and preserves IP rating. Textured black full polyester powder finish
- Spacings up to eight times mounting height
- Impact-resistant, flame-retardant prismatic polycarbonate cover
- Optional photocell control
- Tamper-resistant cover screws available
- Simple to fix using external stainless-steel brackets
- and two lower points, all external to gasket line to preserve IP rating
- Complies with M.O.D. JSP482 Chapter 8 Document for 'Category C' areas
- TC-T version uses tri-lamp ballast enabling retro-fit of 26 and 32 watt lamps
- BSI kite-marked and ENEC approved versions
- Fitted with lamp
