

**PROJECT NAME :**

**FITTING REFERENCE**

## Compact Wireless

Compact size and easy installation makes the Compact range the preferred solution for standard applications such as highbays, lowbays, downlights and fluorescents weighing 12kg to 15kg

Note:  
3-wire dry contact controls are provided as standard for all wireless lifters.

Handheld wireless remote controller

**Specification /:  
Description**

REEL AUTO-LIFTER WITH WIRE-LESS REMOTE

**Materials /:  
Finish**

DIE CAST ALUMINUM IN POWDER COATED TO WHITE

**Model No:**

CT-CSI12-10

**Protection :**  
IP 54

**Capacity**

10 KGS

**Weight of the lifter**  
3.2 KGS

**Lowering distance**

15 METERS

**Power supply  
motor**

100 – 277VAC /50-60Hz -30WATT

**Lighting circuit**

16A 230VAC

**Remark:**  
SINGLE CONTROLLER  
CAN CONTROL 12  
LIFTER
