

ADAM-LITE HIGH QUALITY LED RECESSED DOWNLIGHTS

The ADAM-LITE LED Recessed Downlights are simple and slim-designed for many applications such as schools, offices, hotels, community clubs, condominiums and shopping complexes.

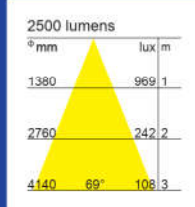

High quality and very reputable **EPISTAR** LED Lamps are incorporated in these downlights and are available in 3000K (Warm White) , 4000K (Cool White) or 6000K (Daylight) Colour Appearance (CCT).

These downlights are constructed with strong aluminium housings. The anti-yellowish acrylic cover provides IP 44 Protection on the ceiling side and this cover also creates a well-diffused lighting distribution.
