

STEP BY STEP GUIDE TO TENCEL™ BRANDING

Most of KenDor’s Lyocell fabrications are made from Lenzing certified yarns and therefore qualify for to be branded Lenzing proprietary Tencel™ marketing including listing your items as Tencel™ on your website, in your catalogues, on your content labels and hangtags.

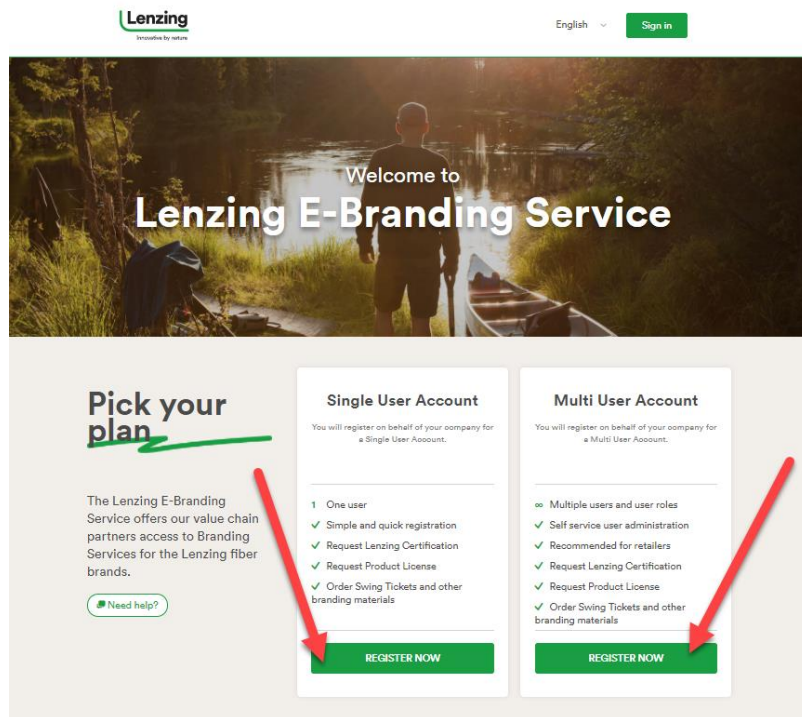

You are not required to use Tencel™ and have the option of opting to simply use Lyocell, which is a trade name.

IMPORTANT - You MUST get Lenzing permission for ANY use of their branded names. Hangtags can be ordered from Lenzing but can only be used on the items you have permission to use them on. Should you fail to secure proper permission, any action taken by Lenzing will not be something that KenDor can help you with.

This guide is intended to help you navigate the steps you need to take every time you want to use the Tencel™ name. Once you are registered with Lenzing, if you have any other questions, it is best you ask them so that you have their final comments on your question.
