

**LEMONGRASS HOUSE**  
FRESH HANDMADE SPA PRODUCTS

**For Immediate Release**

**April 18, 2018**

## **Vancouver to become home to a special piece of Thailand** ***Lemongrass House opens first retail store in Vancouver***

**Vancouver, B.C.** – Lemongrass House, a highly popular global brand offering consumers the ability to experience quality spa products at home, opened its doors in Vancouver recently. Its first Canadian retail shop – the flagship store – is located in Vancouver’s historic Gastown neighbourhood at 209 Abbott Street.

The store was specially designed to bring some of the beauty, style and delights of Thailand to Vancouver. It engages the senses and charms the spirit from the moment a customer walks through the door. And no one is left out – there are products for everyone including kids and dogs! This is the first time that the Lemongrass House brand has been available for purchase in Canada. Along with retail stores in 17 countries around the world, Lemongrass House products are being used in some of the world’s top hotels and spas.

The spa and personal care products are all-natural and handmade, created by Thai artisans who approach their work with love and pride. The blenders sign the labels and the products are packaged by hand. The exotic and floral fragrances of the products appeal to a wide range of discerning consumers around the world. Lemongrass House is a natural fit for Vancouver.

While there are big retail (both online and in cities across the country) and wholesale distribution plans for the future, right now the priority is on introducing the Lower Mainland to the fabulous, fragrant and fantastic Lemongrass House and giving them the opportunity to truly experience natural, handmade, spa-quality products at home.

### **About Lemongrass House Canada**

Lemongrass House Canada ([www.lemongrasshousecanada.com](http://www.lemongrasshousecanada.com)), located in Vancouver, in B.C.’s historic Gastown neighbourhood, is the country’s first and flagship retail outlet. Lemongrass House Thailand, the production house, is based in Phuket, Thailand. With retail outlets in 17 countries, Lemongrass House’s mission is to create the opportunity for grown-ups, children and dogs around the world to enjoy the natural, artisan-created products at home. Never tested on animals, Lemongrass House professional premium spa products can also be found in some of the world’s top hotels and spas.
