## HANGING HEARTS BASKET CROSS STITCH PATTERN

Stitch Count: 56 wide x 102 high

Design Size: 4.0 inches x 7.3 inches (10.2 cm x 18.5 cm)

### Recommendations:

- I like to use three strands for every full stitch; however, this will take more thread. Two strands would be the least amount for every full stitch.
- This design does not have any back stitches or half (fractional) stitches.
- If you received this as a downloadable pattern, I recommend 10 x 14 inch (25.4 x 35.6 cm) cross stitch fabric; size 14 count; white or in your color of choice.
- Begin your stitching in the center of the design where the red lines intersect to ensure your project is centered.
