Second-Choice Style(s)*: _____

Color: _____

Pepper's never repairs glasses sent in for warranty, we always send you out a brand new pair.

**We will do our best to make sure that you are getting back the same style that you sent in, but once a piece is discontinued we cannot guarantee its availability. Please view our website and select other styles you would like from the same price-point and collection (ie. Lifestyle, Sport, Metal, Floating.) There may be other colors of your same style available.*

Replacement glasses should be returned to you within two to three weeks via USPS. In order to process all warranty requests as quickly as possible, we do not provide tracking information. We will only contact you if there is an issue processing your request.

Peppers is not responsible for sunglasses that are lost in the mail when being sent in for repair. We recommend using a trackable method when sending in your warranty.

Warranty applies to domestic orders only. If outside the Continental USA please email us at inform@peppersusa.com or through the "Contact Us" form on our website.
