

UNLOCK THE POWER OF PARTNERED PRAYER!

Partnered Prayer is the concept behind a new book and movement that's catching on—*The 40 Day Prayer Challenge* by *New York Times* bestselling author SQUIRE RUSHNELL and his wife LOUISE DUART—unveiling **how** and **why** to pray with a partner, and more importantly, **what happens** when you do.

Prayer Partners participate in precedent-setting research by **Baylor University's Institute for the Studies of Religion**—the first-ever empirical study on the outcome of two people praying consistently over an extended period.

WHAT YOU CAN EXPECT

- Preliminary research data from an earlier Baylor/Gallup study of couples who prayed together suggests a glimpse of the landmark research: **conversation** and **respect** between married partners will likely **elevate 30%** while **romance** can **rise 21%** or more.
- Anecdotal data shows that when two family members take the **40 Day Prayer Challenge**—two sisters, or a mother and son—they experience a surge of closeness and healing of wounds.
- Partnered Prayer among two friends can be expected to forge lasting and unshakable bonds.

In addition to step-by-step advice and answering questions, the authors share stories about the amazing power of prayer—marriages hanging by a thread are now better than ever; families overcoming impossible health and financial crises—and national leaders demonstrating how prayer played a pivotal role in their survival and the nation itself.

As a bonus, there is an eight-week Study Guide for Small Group gatherings.
