

Bracket Locks 2.0

Secure your RTT to your vehicle with our new Bracket Locks 2.0.

Included: 2 Bracket Locks, 2 Sets of Keys

Please follow these instructions for an optimal installation.

- **STEP 1:** Take out the Bracket Locks and insert the key.
- **STEP 2:** Switch the lock into the unlocked position (vertical).
- **STEP 3:** Slide Locks into the back of your Mounting Bracket (picture below) covering the hex head of the bolt.
- **STEP 4:** Perform this process on the front and back securing each end to your roof.
- **You're done** and secure!

IMPORTANT: These locks are only compatible with the **Mounting Brackets 2.0**
