

# TECHNICAL DATA SHEET

Liquid detergent formulated especially for use in “batch type” mechanical spray warewashing machines only.

Soil is emulsified, solubilized, softened, ready for fast, complete rinsing.

## DIRECTIONS

Use in high or low temperature. Can be used in conjunction with Low Temp Chlorine 6.8 or Superdry All Temp Rinse Additive.

Dilution ratios will depend on local water conditions and water hardness. For optimal results, water temperature should be no less than 120°F and less than 2 grains hard.

Consult your service professional for usage ratios and dilutions.

## SPECIFICATIONS

Physical Form	Clear Liquid
Color	Red
Scent	None
Specific Gravity	1.24
Density	10.3 lbs. per gallon
pH 2%	13.0
Total Solids	22.5%

# FIRE★BALL

## MECHANICAL WAREWASH DETERGENT

### ENERGY-SAVING FORMULA

Emulsifies, solubilizes, and softens heavy soils for fast removal.

Prepares dishes, glasses, and flatware for fast, complete rinsing.

Economical — energy-saving formula designed for one-pass results.

### DANGER:

Harmful if swallowed.

Causes serious eye damage.

Causes skin irritation.
