

Feetures Animal Welfare Policy

Feetures is committed to ensuring that the products we sell that use animal fibers come from animals in our supply chain that were treated humanely and respectfully. We understand the importance of good animal farming practices and we advocate for high animal welfare standards.

Our suppliers are expected to support the well-being of all the animals in our supply chain with the Five Domains framework.

Five Domains:

1. Nutrition
2. Living environment (on and off pasture)
3. Health
4. Behavior
5. Mental state

Feetures utilizes wool derived from sheep. Therefore, we require that all wool and wool products supplied to Feetures meet requirements that guarantee that sheep are treated humanely and are not mulesed.
