Introduction

Thank you for purchasing ZooVaa Anti-fatigue Mat with Vibration. Please read and follow instructions carefully before using.

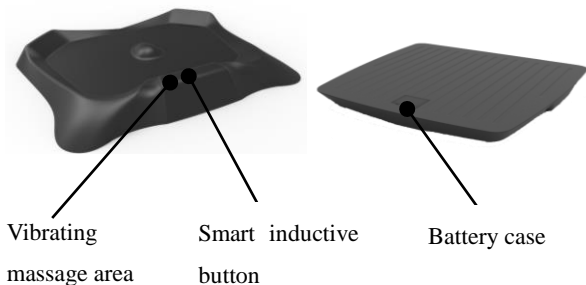

Important Notice

CAUTION: This product is not suitable for:

- Young children.
- Pregnant women.
- People with epilepsy/cancer/tumor or other serious ailments.
- People who have a pacemaker or a heart disease.
- People with fracture or joint damage and in recovery.

If any irritation or discomfort occurs while using this product, please stop immediately.

Functions and Features

- **Strong magnetic vibration motor**

Special motor for strong magnetic massage with alkaline high-performance battery; Speed up to 8000 rpm per minute for continuous and efficient operation.

- **Inductive switch**

Concealed intelligent inductive switch; After contacting the massage area by foot, the vibration function will start automatically to promote blood circulation of the legs.

- **Easy battery replacement compartment**

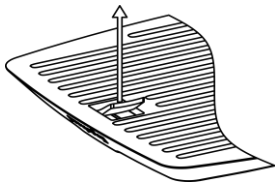

Portable battery compartment cover for quick and easy battery replacement.

How to Operate

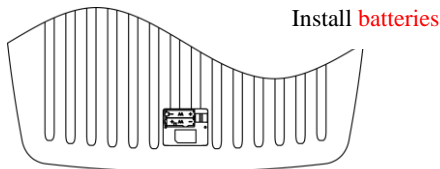

Place the battery correctly into the battery compartment before use to ensure the normal use .

- **Install/replace battery**

1. Open up the bottom mat cover of the standing mat as shown below:

2. Remove the battery cover and properly install the 2PCS “AA” **batteries** as shown below.

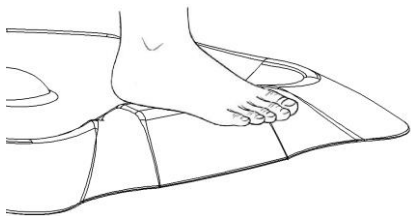

Remove the battery
cover

3. After the batteries are installed, close the battery cover and replace the bottom mat cover.

- **Operating instructions**

After the batteries are installed, step on the inductive switch to start the vibration. To stop, step off the inductive switch and the vibration will automatically stop.

Cleaning and Care

Standing mat is recommended to be cleaned with paper towels or woolen cloth. Keep the product in a cool and dry place.

- Do not expose the product to high temperatures and high magnetic areas.
- The device is not waterproof and should not be placed in water
- Do not use this product in a damp and dusty environment.
- Place the product in a suitable location to avoid damage.
- Do not hit this product with hard objects.

- Do not use this product with high heel shoes.
- Do not install an obsolete battery in this product as it may leak and corrode internal contacts.
