About Faire Leather Co.

Faire Leather Co. is a men's leather goods online label that redefines true value as Functional Luxury at a Fair Price. As a vertically integrated company, Faire runs its own factory and offers direct-to-consumer (DTC) pricing. Faire Leather Co. is co-owned by Tocco Toscano, a leather goods label with over 30 years of experience in the industry, and the Y Ventures Group, a data-analysis driven e-commerce retailer and distributor recently listed on the SGX-ST.

The partnership aims to leverage on Y Ventures Group's proprietary data analytics and specialisation in online retail and distribution channels as well as Tocco Toscano's in-depth experience and expertise in leather craftsmanship.

Our Collections

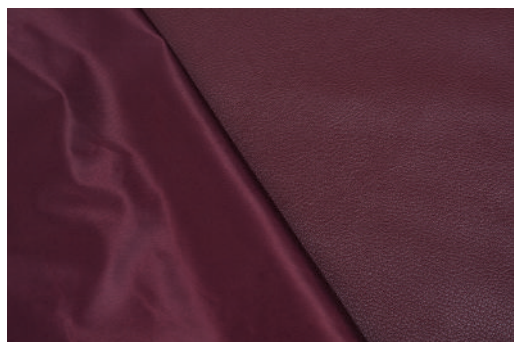

Faire Leather Co.'s products are sleek and polished - befitting of a men's luxury label. We name our collections after iconic television/movie characters and our debut collections are The Bond Collection and The Specter Collection - paying homage to James Bond, and Harvey Specter from the US hit drama, Suits.

Our Materials

**EVERBRIGHT®
YKK ZIPPERS**

Our hardware is made from Zamak and Brass and we use EVERBRIGHT® zippers from YKK for their high resistance to corrosion and its reputation as the undisputed market leader worldwide.

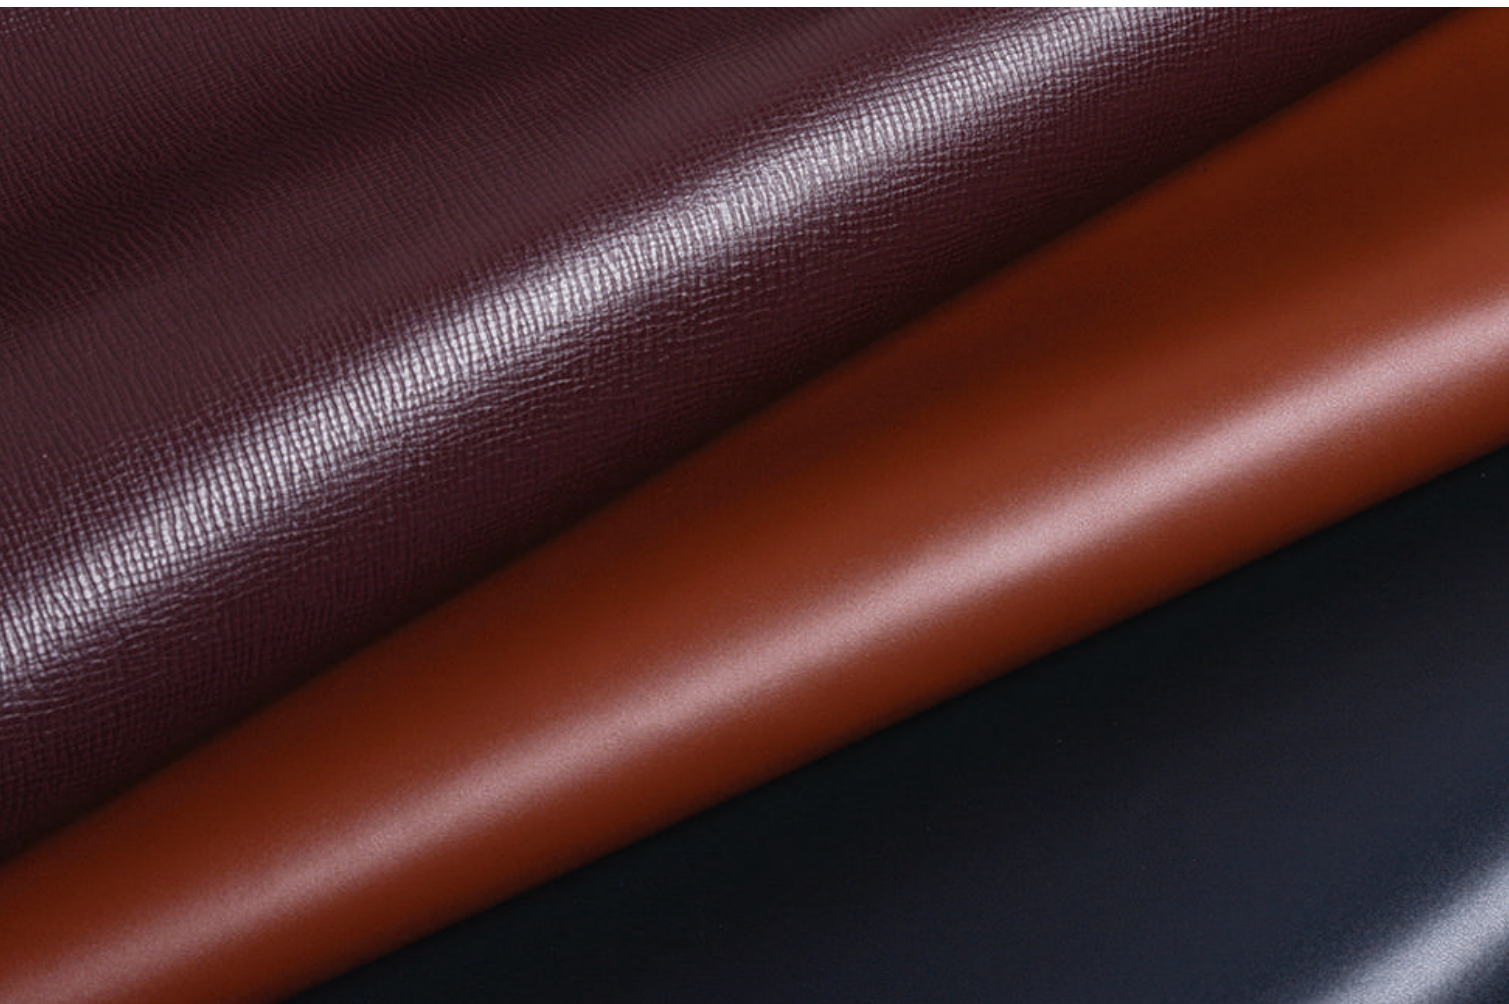

**T72D X 200D
TWIST NYLON &
MICROFIBRE**

The inner lining we use is made of Microfibre - the selection of such a material makes the product lighter, and mirrors our intentions for a more polished aesthetic. We also use T72D x 200D Twist Nylon for its resistance to water and to give the interior lining more strength.

**FILAMENT
POLYESTER
THREAD**

Known for its good colour fastness, high tensile strength and low moisture absorption, the threads we use are 100% Filament Polyester Threads.

Our Leather

Our leathers are US top grain cowhide. As far as treatment goes, we've opted for a more polished and sleek finish for our debut collections as opposed to taking a raw and rugged approach.

We offer two leather types to cater to a wide range of individuals - cross grain is our more textured option, while vegetable tanned is our more smooth option.

The Bond Collection

The Bond Collection features The Bond Travel Briefcase, and The Bond Everyday Padfolio. It pays homage to James Bond, a man who always keeps his tech and gadgets in their proper place in order to get the job done. Our product philosophy is based on two factors:

Polished Exteriors:

Our stylish designs are always accompanied by a clean and polished look.

Effortless Organisation:

We consider all your everyday needs - everything is always well-kept, and easy to access.

The Bond Everyday Padfolio

"We attempt to keep hyperbole to a minimum here at AUGUSTMAN but after having tested it out, we strongly recommend the Everyday Padfolio. 'Affordable luxury' is a phrase that's always thrown about when it comes to products like this, and has begun to sound trite and unappealing but Faire Leather Co. might probably deserve the overused moniker."

AUGUSTMAN

The Bond Everyday Padfolio is designed for people who commute frequently and wish to travel light. It features compartments for essentials such as pens, business cards, a mobile phone and a portable charger, as well as a tech compartment that fits tablet or even some slim laptops. Alternatively, you can also slot in an A4 writing pad.

The polished exterior also means that it is perfect for working professionals who attend multiple business meetings throughout the day and hence need to be tech-ready while still looking sleek.

Founders Note

Dear Reader,

We can't say how it feels like for any other creator when he or she launches a product, or a brand, but for us, it meant a great deal. In all honesty, we had no idea what to expect when we embarked on this journey.

We didn't know if it was going to work, whether people were going to approve of the idea and whether we would do well. We had no answers, and the only thing that kept us going was our dream - to create a line of functional, quality leather products that would help with the organisation of everyday essentials and make everyone's lives easier.

As a brand for the people, we're always keen to hear from you - so don't be a stranger. Thank you for your support and belief in Faire Leather Co..

Best,
Joe and Ryan

Press Features

"It's not hard to see why its been so widely accepted thus far. The designs do not skimp on quality despite the affordable price point, due to its direct-to-consumer pricing from running and owning its own factory, overseeing every process from production to delivery. The company is also backed by Tocco Toscano, a homegrown fine leather company and part of Joseph's family business."
