Adjustable Bed Protection

What's Covered?

Protect your investment and rest easy.*

Power Surge Failures

Electrical Failures

for single or dual power bases

AC/DC Transformers | Power Down Boxes
Remote Controls | Remote Control Receivers

Mechanical Failures

for single or dual power bases

Lifting and Lowering Mechanisms | Junction Boxes
Drive Motors | Massage Motors

How Does It Work?

- SureSleep Adjustable Bed Protection is designed to extend the life of your power base electrical components by protecting them against mechanical and electrical breakdown.
- Got something that needs fixing? Simply file a claim following the steps on the back of this brochure and receive your in-home service.
- Here's something else pretty cool: you get 100% parts and labor for covered repairs. That's right. 100%.
- We'll only cover repairs up to the amount you paid for the merchandise, because if it's going to cost that much you might as well get a new one, right? If that happens, or if Fortegra can't repair your covered item, we'll replace it with the same item or, if unavailable, an item of similar quality.

*For complete Fortegra SureSleep Adjustable Bed Protection coverage details, please refer to the Terms and Conditions.
