ABOUT WHOLEMADE®

WholeMade® started with SALUS®, a handcrafted bath and body care company founded in 2004 by Elissa and Jerell Klaver. From inspiration to selling millions of products in their own stores, and throughout the United States, the Klaver's set out in 2017 to develop a new, premiere family brand of products that combined their knowledge in personal care with the benefits of pure Cannabidiol. In doing so, they expanded their manufacturing to an 8,000 square foot building to develop their new product lines while meeting growing demands for their goods.

Today, WholeMade® is pioneering the CBD beauty market with expertise you can trust, quality you can believe in, and ingredients that enhance your well-being and vitality.

CBD BATH BOMB

Since our founding in 2004, we believe in bathing naturally. Our CBD bath bombs are handcrafted with market-fresh ingredients, 35mg of CBD, and 100% pure essential oils. Let our luxury bath bombs melt away stress and add moisture to your skin. You can truly relax knowing that our bath and body products are vegan, gluten-free and sulfate-free, non-GMO and do not contain dyes or harsh additives.

WholeMade® CBD Bath Bombs are filled with natural premium oils of sunflower oil, organic shea butter, and cocoa butter to give your skin extra moisture and softness while you bathe. Each bath bomb contains 35mg of CBD which may be soothing for skin irritations. Colorado is home to many of our ingredients, including our non-GMO sunflower oil, hemp oil extract, and baking soda!
