

Price Sheet

Whole fruit, quarters, slices, mash...and more!

We are able to offer fresh and ready-cut freezer packs of 'ulu virtually year-round! Because our member farms grow different varieties of 'ulu across many of Hawai'i Island's microclimates, our harvesting seasons are staggered throughout the year. Our strict production and quality control standards and recognition by the Hawai'i Seal of Quality program ensure you'll always get 'ulu that's fresh, food-safe, local, delicious, and kind to the 'āina.
